### **An absolutely unique aventure!**

Costa Rica is one of the Blue Planet's well-known place for record fish catches...

The two trips are organized during the pelagic fishing season ( marlin, sailfish, yellowfin tuna, wahoo, dorado ) and invite you to encounter exceptional fish.

Guided by an experienced team, you will also free-dive with amazing Pacific submarine fauna: dolphins, manta ray, turtles...

---

TRIP LIMITED TO **3 DIVERS ONLY**

**Our expeditions take place from 15 to 25 miles off the coast of Nicoya. The sea in this area is usually very calm, from 3000 to 5000 feet deep, visibility 100 to 150 feet and water temperatur ranges from 82 to 86 oF.**

**Pelagic fish are plentiful. We use specific techniques that allow encounters with a large variety of fish under optimal safety conditions.**

**There have been many spearfishing world records set in Costa Rica.**

**You will have a great opportunity to free-dive with Pacific fauna: manta rays, whales, dolphins, turtles...**

**Lodging ( Villa Playa Samara ) is located about hundred fifty-feet from the beach and dock. Each expedition member is provided with an air-conditioned bedroom and bathroom, and a shared living room, fully-equipped kitchen and patio.**

**Also included are wireless internet, swimming pool and 24/24 hotel service.**

**Breakfast and dinner at the restaurant.**

**Lunch on the boat.**
